 MONUMENT DESCRIPTION AND REMARKS: On October 12, 2012 we dug with backhoe for West 1/4 Corner

& found a 8" X 12" stone 2' deep at centerline of Township Road in line with fence East & West. County Highway records indicated a stone in 1916 and 1933. I accepted stone as corner & set a 5/8" Iron Stake with survey cap 23008 over top center of stone. We dug for North 1/4 Corner & found no evidence of corner. County Highway records showed a stone in 1916 but we did not find. I set a 5/8" Iron Stake with survey cap 23008 at centerline of Township Road in line with fence North & South as per occupied corner. We also dug for South 1/4 Corner & found no evidence of corner. County Highway records show no information for corner. I set a 5/8" Iron stake with survey cap 23008 at centerline of Township Road in line with fence North & South as per occupation.
