County of Nobles

I hereby certify that this document was filed in the Co. Recorders office at 4:25 P. .M. on the 15th day of October A.D., 19 91

County Recorder Jasper Howard

By \_\_\_\_\_, Deputy

DOCUMENT NO. 245763

Statement of Evidence: Northeast Corner of Section 13 T102N R43W 5th P.M.

July 1867 The original Public Land Survey was run in 1867 by Deputy Surveyor T. B. Walker, and his notes read, "cor. sec. 12, 13, 7 & 18 - post in mound, nearly level grass land. Soil 1st grade"

1891 and 1911 Nobles County Highway Department records show a stone at the corner.

July-Aug., 1918 W. A. Saxon, Nobles County Surveyor, at the request of the County Board, surveyed part of State road Number 5 and notes there was an old stone at Campbells corner.

1959 Nobles County Highway records show an iron pin.

March 21, 1974 S. Baker, Minnesota Highway Department Survey Crew Chief, found a 3/4 inch iron stake flush with the bituminous surface 18 inches east of the Trunk Highway 91 centerline stripe. This is 84 feet north of a P.O.T. at the I-90 ramp terminus.

Sept. 17, 1975 D. Almquist, Minnesota Department of Transportation Survey Crew Chief, found a 3/4 inch iron stake flush with the road surface and 1 foot east of the Trunk Highway 91 centerline stripe.

Feb. 13, 1978 Minnesota Department of Transportation Survey crew members Foster, Verdoorn, and Warner found a 3/4 inch iron pin as described above.

Aug. 3, 1988 O. Berkness, Senior Highway Technician for the Minnesota Department of Transportation, found the 3/4 inch iron pin flush with the bituminous surface, and placed a Minnesota Department of Transportation cast iron monument flush with bituminous surface.

The inplace location of the iron pin is compatible with the occupation lines within the section. An analysis of the Statement of Evidence and the field measurements indicates the iron pin is in a reasonable location.

For additional information, including field measurements and photographs, contact the Minnesota Department of Transportation in Windom, Minnesota.
