## Statement of Evidence

North Quarter Corner Section 5, Township 103 North, Range 42 West

This corner was originally established during the Original Public Land Survey in 1867 by T.B Walker, US. Deputy Surveyor.

-Nobles County Highway Department records show a stone monument, no ties.

-Nobles County Highway Department records show a wooden stake, no ties.

Dec. 2005 -Bolton & Menk, Inc., Survey crew located a stone monument and the remains of a wood stake and set a 5/8" iron rebar on the north side of the stone.

The written evidence appears to be conclusive back to the 1922 survey. The evidence does not tie the stone to the original monument; however, the stone is the best evidence of the true corner location. Additional information regarding the preparation of this certificate can be obtained by contacting: Bolton & Menk, Inc., Mankato, MN.
