Statement of Evidence:

J-13

Northeast Corner of Section 16, Township 104 North, Range 41 West, 5th Principal Meridian, Nobles County, Minnesota.

1868-Deputy Surveyor set a post in mound with pits.

1903 - County Surveyor in Book 22, Page 135, gives a distance of 2650.4 to the N1/4 of 15 and a distance of 2625 to the W1/4 of 15.

1937 - Nobles County Highway Department "Corner Ties Book" notes a stone marking the corner location.

2017-On November 29th, Westwood Professional Services recovered a 5/8" rebar down 0.3' on centerline of north/south/east/west roadways. Westwood measures 2643.43 to the N1/4 of 15 which agrees within reason to the 1903 measurement. Ties were found or set as shown on the front of this certificate.

Analysis of the recovered data, field evidence and survey measurements, indicates that the monument found is the correct perpetuation of this corner. For additional information concerning this corner please contact Westwood Professional Services.
