Statement of Evidence:

V-3

North Quarter Corner of Section 31, Township 104 North, Range 42 West, 5th Principal Meridian, Nobles County, Minnesota.

1868-T.B. Walker set a post in mound with pits for the section corner.

1910- Nobles County Highway Department "Corner Ties Book" calls for a stone set proportionally to mark the corner location.

2017- Westwood Professional Services located an east/west centerline. The overall distance along the north line of the section agrees closely to the 1910 survey distances. A 5/8" rebar capped 49563 was place online between section corners and at the proportional distance from the 1910 survey. Ties were set as shown on the front of this certificate.

Analysis of the recovered data, field evidence and survey measurements, indicates that the monument found is the correct perpetuation of this corner. For additional information concerning this corner please contact Westwood Professional Services.
